## Our Home: Quirks and Tricks

**TAKING A SHOWER:** it takes a while for the water to get hot in the upstairs bathroom. turn on the shower by pulling the tab under the bathtub faucet.

**FAUNA:** If a gray cat comes around, that's just our neighbors' cat. Upi can pet her, but don't feed her.

**WATCHING TV:** How to use the TV.

**STRANGE NOISES:**

**LIGHTS:** Our dining room light is out for the foreseeable future, so we've set up a lamp in there! You

## What to Do

Whether you like a night out on the town or a quiet evening enjoying the finer things, there's a lot to choose from. We highly recommend the following:

- museums, parks, tours/sights, karaoke, bookstores/shopping, regular events
- integrate with Yelp or Foursquare or other API?
- use autocomplete to make this easy to fill in
- optional description paragraph -- may need a text editor here to let them do hyperlinks

Notes about the area:

The wharf area is not safe after midnight

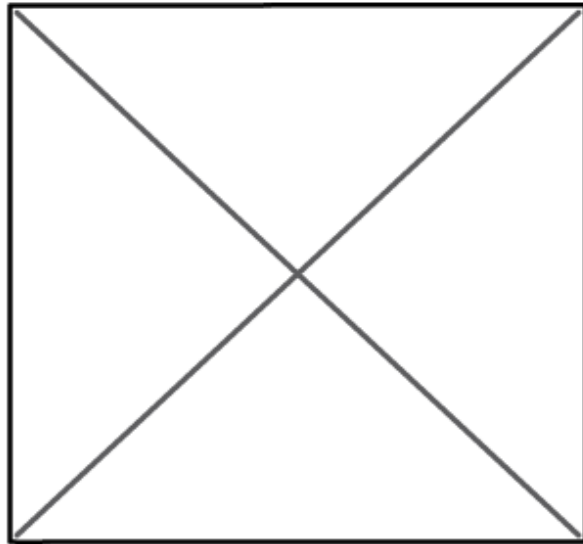

Produce from the Farmer's Market is much better than what the grocery stores have

Tipping is often expected in the US. 15-20% tip is customary for: restaurant meals, hair cuts, taxi rides, ...

NYC vendors can be very pushy. Sometimes the best thing to do is to keep walking.
